

SARDEGNA

Date : 12th June 2016

Time : 10.00 hrs

Subject : STEWARDS DECISION : 9

Document No: 2.11

From : The Stewards

To : The competitor of car No. 18 EUROLAMP WORLD RALLY TEAM
Crew VALERIY GORBAN / VOLODYMYR KORSIA

The Stewards received a report from the FIA Technical Delegate concerning car No. 18, driver VALERY GORBAN, co-driver VOLODYMYR KORSIA stating as follows:

Competitor n°18 marked 6 wheels at the tyre marking zone located after TFZ2.

Competitor n°18 arrived with 5 wheels at the technical zone located after TC15A.

1 complete wheel was missing

The Tyre Record Sheet was also provided together with the report.

The Stewards then summoned a representative of the Competitor of car No. 18 to be immediately heard by the Stewards. Mr. Anders Laur, Team Manager of car No. 18, appeared in front of the Stewards on Saturday, 11th June 2016 at 23.50 hrs.

During the hearing, Mr. Laur informed that, after having already changed a flat tyre on the stage, the crew arrived at the finish of SS15 with another puncture. They then proceeded to change the wheel after the Stop control when the tyre started to burn. They then left the tyre on-site with the marshals as it was considered too dangerous to take and carry the hot tyre inside the car on the following road section back to Service. The tyre was then brought back to the service park with the organiser's sweeper car. The team representative informed the national scrutineer about the issue, who also took pictures of the tyre. All the aforementioned statements were confirmed by the clerk of the course after he had investigated the matter with his team.

The FIA Assistant Technical Delegate, Mr. Karmo Uusmaa, was also informed once the wheel had arrived back in the team area, should he wish to have a look at it.

Considering all the above circumstances the Stewards, after due deliberation,

DECIDE

To take no further action.
